A Clear Complexion
Ruddy Cheeks—Sparkling Eyes
—Most Women Can Have

Says Dr. Edwards, a Well-Known
Ohio Physician.

Dr. F. M. Edwards for 17 years
treated scores of women for liver
and bowel ailments. During these
years he gave to his patients a pre-
scription made of a few well-known
vegetable ingredients mixed with
olive oil, naming them Dr. Edwards'
Olive Tablets. You will know them
by their olive color.

These tablets are wonder-work-
ers on the liver and bowels, which
cause a normal action, carrying off
the waste and poisonous matter in
one's system.

If you have a pale face, sallow
look, dull eyes, pimples, coated
tongue, headaches, a listless, no-
good feeling, all out of sorts, in-
active bowels, you take one of Dr.
Edwards' Olive Tablets nightly for
a time and note the pleasing results.
Thousands of women and men
take Dr. Edwards' Olive Tablets—
the successful substitute for calomel—
now and then just to keep
them fit. 15c and 30c.

Ladies Let Cuticura
Keep Your Skin
Fresh and Young

Cuticura, Toilet Soap, Cream, Ointment,
Lotion, Shampoos, etc., are sold everywhere.
Cuticura, Toilet Soap, Cream, Ointment,
Lotion, Shampoos, etc., are sold everywhere.

Drive Away Headache
Rub Musterole on Forehead
and Temples

A headache remedy without the
dangers of "headache medicine."
Relieves headache and that miser-
able feeling from colds or conges-
tion. And it acts at once! Musterole
is a clean, white ointment, made
with oil of mustard. Better than a
mustard plaster and does not blister.
Used only externally, and in
no way can it affect stomach and
heart, as some internal medicines do.
Excellent for sore throat, bron-
chitis, croup, stiff neck, asthma,
neuritis, congestion, pleurisy,
rheumatism, lumbago, all pains and
aches of the back or joints, sprains,
sore muscles, bruises, chilblains,
frostbites, colds of the chest (it
often prevents pneumonia).
35c and 65c jars; hospital size, \$3.00.

MUSTEROLE
WILL NOT BLISTER

Stop Itching Skin

**Zemo, the Clean, Antiseptic
Liquid, Gives Prompt Relief**

There is one safe, dependable
treatment that relieves itching
torture and that cleanses and
soothes the skin.
Ask any druggist for a 35c or \$1
bottle of Zemo and apply it as
directed. Soon you will find that
irritation, pimples, blackheads,
eczema, blotches, ringworm and
similar skin troubles will disappear.
Zemo, the penetrating, satisfying
liquid, is all that is needed for it
banishes most skin eruptions, makes
the skin soft, smooth and healthy.
In skin troubles, ordinary soaps
are irritating and liable to aggra-
vate the condition. Use Zemo soap.
It is antiseptic, soothing, and
breaks the process of healing.
The E. W. Rose Co., Cleveland, O.

**Don't hide skin
trouble—beal it with
Resinol**

No amount of cosmetics can con-
ceal an ugly skin. They only fill
in the pores and make the condi-
tion worse. Resinol Soap cleanses
the pores, giving them a chance to
breathe and throw off impurities.
This is why when used with Resin-
ol Ointment it rids the skin of
unbecoming blemishes, keeping it so
clear and fresh it can hardly help
but attract admiration.

HOUSE SHORTAGE AROUSSES ENGLAND

Lloyd George Declares King-
dom Needs About 1,-
000,000 Homes.

By the Associated Press.

LONDON, January 17.—It is es-
timated that London is short of 150,000
houses and Premier Lloyd George,
speaking in the house of commons,
has placed the total shortage for the
whole of the United Kingdom at
roughly 1,000,000. A house for rent
notice board in London quickly at-
tracts a crowd.

Housing is a department of the min-
istry of health and, by legislative act,
local authorities are required to sub-
mit housing schemes. Thousands of
schemes have been submitted, but
progress has been very slow.

Perhaps the chief reason for this
has been the economic factor. Houses
which cost three or four times as
much to build as before the war
cannot obviously let or sell at pre-
war figures.

Nevertheless, according to govern-
ment statistics some 60,000 new houses
were started in 1920 and the number
contracted for has risen during the
year from 10,408 to 133,301.

One striking feature of the effort
to provide houses is a housing
scheme conducted by the office of
works, which was empowered to
spend £6,000,000 spread over eighteen
months. Its operations started in
Camberwell, a south London borough.
An arrangement was made by which
the office of works supplied the plans,
material and supervision, while the
local authority of trades unions sup-
plied the labor and the borough coun-
cil assumed responsibility for the
finances. The plan worked smoothly
and houses were built for £780 apiece,
a saving of at least £500, making a
total saving to taxpayers of £400,000.
This scheme may become the embryo
of a state building department.

The financial difficulties connected
with the housing problem have been
responsible for the creation by local
authorities of interest-bearing "hou-
sing bonds" which are in some lo-
calities a fairly popular investment.

In the north of England concrete
houses have become popular in power
in their erection. In some parts of
London, too, such houses have been
built recently, owing to the shortage
of brick and the high rate of wages and
other difficulties.

JOB OF BEATING LIQUOR TOO BIG FOR DRY AGENTS

Proposal for State Constabulary to
Aid in Suppressing Manufacture

Urged in North Carolina.

RALPHIGH, N. C., January 17.—Or-
ganization of a state constabulary to
supplement the forces of the federal
prohibition agents and county officers
in suppressing the widespread man-
ufacture of liquor in North Carolina
will be urged at the present session
of the North Carolina general as-
sembly, it is learned.

Federal authorities admit that the
job has grown too big for the lim-
ited staff of forty-six federal agents
now employed in this state.

Transmitting a report to
R. S. Brant, supervising agent of the
prohibition forces, H. G. Guiley, chief
of the North Carolina division, de-
clares that a conservative estimate
would show an increase of 100 per
cent in illicit distilling in the state
during the past year. Illicit distil-
leries captured number 4,686 and the
number of men and women arrested
during the past year, 2,317. The
number being taken by federal
agents.

During the past year 3,257 gallons
of contraband liquor were seized by
federal agents and half that quantity
the result of the various counties.
Federal agents seized and destroyed
13,406 fermenters, 21,953 gallons of
apple cider, 4,450 gallons of molasses,
3,070 pounds of sugar and 1,042,264
gallons of beer. Forty-six horses and
91 automobiles were seized and sold
at public auction.

The total value of the property
seized and not destroyed was \$65,047,
and the value of property seized and
destroyed was placed at \$412,947.
Taxes and penalties assessed against
violators of the law totaled \$1,153,181,
which does not include the penalties
imposed by county authorities. The
cost of administration in the state
was less than \$100,000, leaving the
federal government a net profit of
\$1,074,238.

RESUME TOBACCO SALES AFTER PRICE DRIVE

Manufacturers Promise to Try for
"Satisfactory Market" in
Three States.

LEXINGTON, Ky., January 17.—
Selling of the 1920 crop of burley or
cigarette tobacco in central Ken-
tucky, Indiana and Ohio was resumed
today after a delay of thirteen days,
due to efforts of persons interested in
the growing of the crop to force
prices to a higher level. Promises
that they will do all in their power
to make a "satisfactory market" have
been made by manufacturers, who
purchased most of the crop.

The markets in most of the district
have been closed since the morning
of January 4, when growers virtually
forced warehousemen to close their
doors because of the low prices of
refused to close and have been run-
ning ever since, with prices reported
as better than those offered during
the hour or two all markets were
open.

State's Tobacco Record.
RALPHIGH, N. C., January 17.—To-
bacco farmers in North Carolina
raised 18,000,000 more pounds of to-
bacco in 1920 than they raised in
1919, and got \$53,000,000 less in money
for it, according to the season's re-
port of the North Carolina crop re-
porting service. From a total acreage
of 523,000 acres there gathered 224-
120,000 pounds of tobacco and sold it
for \$97,182,000.
